Sri Samar Kr Singha , General Secretary of All India Powermens' Federation has issued the following statement in favour of victory of Jammu & Kashmir Electricity Workers movement.

"It is known to all, the Electricity Workers of Jammu & Kashmir were all along Government employees under Power Development Department . But Jammu Kashmir Government decided to privatise the Power Sector through formation of joint venture Company with Jammu Kashmir Power Transmission Company Ltd. and Power Grid Corporation of India Ltd. Against this anti employee and anti people move of the Government the Electricity Employees and Engineers of J& K went for indefinite strike from midnight of 17 - 18th December,2021. The Jammu & Kashmir Government unleashed all shorts of repressive measures to crush the movement but ultimately has been compelled to withhold the decision of formation of Company in the face of stiff resistance of united movement of the Employees and Engineers. While congratulating all the Employees and Engineers of J&K Power Sector for their valiant struggle against the pro-corporate policy of BJP Government, we think this uncompromised sustained struggle will undoubtedly encourage the other Public Sector and Government Institution's employees to intensify their struggle against the Privatization and Disinvestment policy of the Central Government.
