Sub: Engineers not to perform strike duties in UT

Sir,

All India Power Engineers Federation (AIPEF) is the National Federation of All Power Engineers, working in all the States & Union Territories in India. AIPEF is strongly opposing the Privatisation moves in Power Utilities of States & Union Territories. Union Territory Power Employees of Chandigarh are going on a 72 hours Strike from 00 hours of 22nd February against the privatisation move of the UT power department. In this reference, AIPEF has decided as follows:

All power sector employees' organisations not to allow any of their members from the adjacent states to agree to their deployment at Chandigarh to break the strike

PSEB Engineers' Association, being a constituent member of AIPEF, has decided that **Engineer(s) from PSPCL/PSTCL will not perform Strike Duties in Chandigarh during Chandigarh Power Employees Strike**. This is for your information please.

General Secretary

CC:

1. Chief Secretary, GOP, Chandigarh - cs@punjab.gov.in
