*The Joint Platform of Central Trade Unions &
Independent Sectoral Federations.*

The All India Guards Council, a registered Trade Union representing the Train Managers of Indian Railways extends its support to Nation-wide two day strike on 28th & 29th March against the anti-people, anti-farmer and anti-labour policies of the Central Government.

We are confident that this platform will continue the struggle till the anti-people policies are repealed.

The Council also firmly opines that this strike will definitely lay a path to future generations and find a place in the History of Indian Trade-Union movement.

With greetings.

Yours comradely,

(S.P.SINGH)

GENERAL SECRETARY.
