Sub: Unrest amongst Power Employees & Engineers in HP

Respected Sir,

Kindly refer to notice of agitation given by Joint Front of HPSEBL Employees & Engineers dt 24th October 2024 regarding some long pending genuine demands including restoration of old pension scheme and particularly against abolition of 51 posts of engineers and retrenchment of 81 outsourced employees working for more than 10 – 12 years. Copy of notice is attached.

2. Sir, All India Power Engineers Federation (AIPEF) wants to bring to your kind notice that Joint Front of HPSEBL Employees & Engineers had given a notice on 18th October to Chairman HPSEBL but nothing concrete was done by management to resolve the issues on the contrary 51 posts have been abolished & 81 out sourced very low paid employees have been retrenched due to which the anger of the employees has flared up further. AIPEF fully supports all demands raised by Joint Front in notice.

3. Sir, you have restored the old pension for all the departments of the state government, which is a welcome step, but it is very unfortunate that the old pension is not restored in the power sector. AIPEF would like to draw your attention towards the fact that the then Chhattisgarh and Rajasthan Governments had restored old pension schemes for power sector employees also.

4. Therefore, on behalf of the AIPEF, I have a humble request to you that kindly make good use of your office and give effective intervention and instructions so that all the issues are amicably resolved before beginning of light festival Diwali. Further I want to inform you that if the power employees & engineers of Himachal Pradesh do not get justice, then the AIPEF will not remain silent spectators and the power engineers from all the states across the country will fully support the power engineers and employees of HP.

Regards.

Shailendra Dubey
