The Convenor
National Coordination Committee
Of Electricity employees And Engineers
B.T.Ranadive Bhavan, 13-A Rouse Avenue,
New Delhi-110 002

Sub:- Regarding All India Level Agitation to Appose Privatization.

Dear Comraade,

The General Council of A.I.F.E.E which met at Nagpur on 14th & 15 December 2024 have unanimously resolved to request all the constituents of NCCOEEE to take decision of one day token strike at all india level to appose the privatization policies of state & central govt.

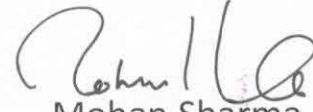

AIFEE's constituents have taken this decision on the background of privatization efforts started by U.P. Govt and the Chandigarh Union territory.

AIFEE HAS RESOLVED

The General Council of AIFEE has further unanimously resolved to propose the leadership of N.C.C.O.E.E.E. to give a call for all India **ONE DAY ~~TO~~ TOKEN STRIKE** for the following demands. For preparation of National strike a period of 'Two Months' be given to all the constituents.

Demands

- 1) Withdraw all anti-consumers, anti people, anti employees and anti state privatization policy of power sector.
- 2) Stop implementing decisions for privatization of distribution sector of Uttar Pradesh Eastern & Southern Region.
- 3) Withdrawn all victimization orders, charge sheets etc for participating in Karya-Bahiskar agitation.
- 4) Reinstate all the 2500 terminated employees of U.T. power sector.
- 5) Stop privatization of Chandigarh U.P. & handing over the Discom to Goeka & Co.
- 6) Regularise all contract/outsourcse workers working in distribution, Generation & Trasmision of power sector. Relax the condition for absorption.
- 7) Fill in all vacant posts of three sectors.
- 8) Implement Hon. Suprime court Judgement of 'Equal Work Equal Pay'
- 9) Start and implement old pension scheme for all the employees of power sector.
- 10) Stop policy of installing prepaid smart meters.

Mohan Sharma

General Secretary

Copy to: All the constituent of AIFEE. This is as per amendment passed in the meeting dt 15.12.24.

Resolution Pravatzation
Against Proposed Privatization of UTTAR PRADES
AND
Chandigarh Union Territory

The Modi Govt after forming a coalition government at central with the support of Chandrababu Naidu & Nitesh Kumar have now speed up the implementation policy related to power sector of India. On surprising and unusual election results in Maharashtra's assembly, the central and state govt's BJP group has started declaration of privatization of Eastern & Southern Region of Uttar Pradesh power distribution sector. These are Varansashi and Agra Discom. Disregarding the tripartite agreement of 3rd December 2022, "That the power sector management and the state Govt will not privatize the sector without discussions and taking in confidence the joint action committee of power workers & engineers" the state government have taken a start to handover the sector to private enter preneur.

In addition to the unilateral decision the state Govt and the power management is in full preparation to suppress and crush the agitation and movement of the workers and engineers there by creating horror atmosphere of repression and fear amongst the employees.

Eighteen office bearers of Sangharsha Samittee were summoned to the Hon. High Court and are warned not to participate in strike and agitation. The strike is banned by the court order. Recently on 9th December knowing the fact that all the union office-bearers of National Coordination Committee of Electricity Employees & Engineers are reaching Lacknow on 11th December the state govt promulgated ESMA, such is the serious situation in power sector of U.P.

Chandigarh union Territories power sector utility also been declared to be privatized and tenders were floated. This particular dicision was after declaration at the Finance Minister, Smt Nirmala Sitaraman in Parliament on 12th May 20. The private corporate Goenka & Co. is the successful bidder to take over the whole distribution area of Chandigarh U.T.

This is specifically to mention here that the Chandigarh power sector utilities total asset cost is Rs.2500 crore. This is going to be sold in throw away price of Rs 871 crore only.

The Chandigarh utility had very efficient record of working having only T & D losses to 10% The utility had given this year the profit of Rs 158 crores to central govt & the consumers are satisfied with the efficient service of the employees-engineers.

Against this Privations the workers reported to 3 days strike which has to be called of due to High Court direction. At the same time process of handing over to Goenka also stopped. In the month of November the High court given judgment in favor of central govt and against electricity employees.

Since then the employees are agitating continuously the union have challenged the Judgement of High Court in Supreme Court but could not succeed.

New therefore for Uttar Pradesh and Chandigarh the employees, engineers and all the workers has no alternative other than to fight on streets with all their might.

The AIFEE along with N.C.C.O.E.E.E. in its meeting at Lucknow dt.11th December 2024 have decide to appose the above said privatization decision with all their strength.

The General Council of AIFEE in its Nagpur meeting dt 14th December 24 unanimously decided to extend its full support to both the Discoms and decided.

- 1) To observe 'Anti Privatization Day' on December 19th and protest meeting will be held at all districts. 19th December is the centenary year of 'KAKORI REVOLUTION' on this revolutionary day the constituents of AIFEE will observe Anti Privatization Day with the call, "Remove Privatization of Electricity"
- 2) On December 22, 2024, AIFEE'S constituent will participate in 'Bijlee Paanchayat' at Lucknow to seek consumer & public support and to educate the consumer, farmers against the disadvantages of the privatization of power.
- 3) Similar Panchayat will be held at Chandigarh on 25th December 24.
