No. 21-2025/Strike

30 - 06 - 2025

The Hon. Minister of Energy,
Govt. of India, New Delhi,
Sharm Shakti Bhawan,
Rafi Marg, New Delhi-110001.

Sub : **Notice of one day National Strike/Work Boycott on 9th July 2025.**

Sir,

Apropos to the decision of National Coordination Committee of Electricity Employees And Engineers (NCCOE) the broad based united platform of all National Federations of Electricity Employees And Engineers, All India Power Engineers Federation will resort to one day strike/work boycott on 9th July 2025, in full solidarity for the long pending demands of power workers and engineers of the states. **In solidarity with the agitation of U.P. power sector employees all the constituents of AIEEF will resort to one day strike/work boycott on 09 July.**

Despite our continued persuasion the management has failed to discuss and to reach to an amicable settlement over the burning issue of stop privatization of Indian power sector and the long pending demands of the Engineers. Against privatization of Uttar Pradesh power sector all the unions of workers and engineers are agitating since last 200 days and the govt & the power sector management is playing a role of mere spectator. This reflects over the anti employees policy of the govt. This has compelled us to take decision of one day token strike/work boycott on 9th July 2025 for the following demands of power sector employees and engineers.

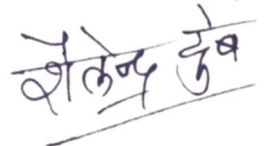

- 1) Withdraw Privatization decision of Purvanchal and Dakshinanchal Nigam of Uttar Pradesh power sector.
- 2) Withdraw all vindictive actions against the agitating employees and reinstate all the terminated samvida workers. Withdraw the draconian and undemocratic executive order amending UPPCL service regulation.
- 3) Respect the provisions of settlement signed with the Vidyut Karmchari Sanyukt Sangharsh Samiti, UP.
- 4) Stop prepaid smart meter policy, installing 33 crores meters.
- 5) Stop introduction of TBCB mode in construction, maintenance of substations and transmission lines. Stop retrograded transmission Policy.
- 6) No JVC should be done of existing state GENCO plants. Cancel all such JVC.
- 7) Role back privatization of public Sector Power utilities, cancel all existing private licenses and franchisees.
- 8) Fill in all vacant post of workers & engineers.

9) Implement old pension scheme for all Power workers & engineers.

Since the management of UP power sector and the central power ministry has continued the privatization process and unilaterally implementing the privatization policy, the constituents of All India Power Engineers Federation will resort to one day strike/work boycott on 9th July 2025.

Inquilab Zindabad,

Yours Faithfully
