Dear comrades,

As we decided earlier, the government employees and teachers in all States of India will go on strike on July 9th along with the Central Trade Unions except BMS. Centre Government employees, Bank and Insurance employees etc will also participate in the strike. The demands for the strike are restoration of statutory pension, release of dearness allowance arrears, protection of civil service, appointment to more than 38 lakh vacant posts in central and state services, ensuring that the recommendations of the 16th Finance Commission are fair to the states, strengthening of the public distribution system, protection of labour laws and ending of measures that weaken the constitutional institutions. Please take every steps for the success of the National strike.

Please send me a brief report about the strike in the State- participation of the Government employees and Teachers in the state etc. on 11.07.2025 in my WhatsApp number 9447429037.

Yours Faithfully

C. R. Jose Prakash
General Secretary
