Respected Sir ,

Subject: Request for Urgent Conduct of Health Check-up Camp at DLS/KZJ.

It has come to the notice of this Union that one of the employees working at DLS/KZJ has recently been diagnosed with serious lung-related issues. As per the medical findings, including X-ray reports (copy enclosed), it has been observed that small dust particles and iron chips have accumulated in the lungs of the concerned employee.

It is pertinent to mention that the said employee has been engaged in the cleaning of locomotives. There are several other employees performing similar duties under comparable working conditions. Therefore, there is a strong apprehension that many more employees may be exposed to similar health risks.

In view of the above, this Union urges the administration to treat this matter as a priority and take immediate preventive measures. We request that an urgent health check-up camp be conducted at DLS/KZJ. All employees engaged in locomotive cleaning activities and those working in surrounding areas should be thoroughly examined. Further, necessary medical aid and assistance may kindly be provided to those found affected.

Early action in this regard is highly solicited.

Thanking you, Sir.

Yours faithfully,

(P. Ravinder)
Divisional Secretary
