Letter No.A.P.S.P.E.JAC/H.Q-VJA/D.No. 31 /2026, Dated: 12 -10-2026.

Respected Sir/Madam,

Sub: A.P.S.P.E.AC – APCRDA EOI for Establishment and Operation of Electricity Distribution Network and Distribution/ Retail Supply in Amaravati Capital City – Objection to the proposed arrangement – Request to withdraw the EOI – Request for continuation of electricity distribution through Government-owned Power Utilities and protection of public interest – Intimation of **peaceful lunch-hour demonstrations on 26-10-2026** – Reg.

- Ref: 1. Electricity Act, 2003 and applicable APERC regulations.
2. APCRDA EOI, September 2026, concerning electricity distribution in Amaravati.
3. Letter No.A.P.S.P.E.JAC/H.Q-VJA/D.No.26/2026, Dated:21.09.2026.
4. Letter No.A.P.S.P.E.JAC/H.Q-VJA/D.No.30/2026, Dated:08.10.2026.

The Andhra Pradesh State Power Employees Joint Action Committee respectfully solicits your kind and immediate intervention regarding the A.P.C.R.D.A Expression of Interest (EOI) proposing an alternative/private arrangement for electricity distribution and retail supply in Amaravati Capital City. Through the references cited above, the A.P.S.P.E.JAC has already submitted its detailed objections to the Government and highlighted the potential legal, regulatory, technical, financial, consumer related, public-asset and employee-related implications of the proposed arrangement. Despite these concerns, the continuation of the EOI process without addressing the objections has caused serious concern among power sector stakeholders. As these important concerns require careful consideration, the JAC therefore request that further action on the EOI be kept in abeyance until a comprehensive and transparent examination of all relevant aspects is completed and further, substantial public investment has already been made in electricity infrastructure, including substations, distribution networks, feeders, transformers and associated facilities.

The A.P.S.P.E.JAC wholeheartedly supports the Government's vision of transforming Amaravati into a world-class Smart Capital City. The JAC firmly believe that this noble objective can be effectively achieved through the existing Government-owned Power Utilities by providing adequate investment, modern technologies, smart grids, smart metering, SCADA/DMS, underground cabling, renewable-energy integration and other advanced facilities. This approach can strengthen reliability, efficiency and consumer services while also protecting public assets and valuable institutional capabilities.

(Contd.....2)

In view of the foregoing paras, the A.P.S.P.E.JAC respectfully requests your goodself to kindly:

1. Recommend to the Government/APCRDA tht the proposed EOI be withdrawn or alternatively, that further action be kept in abeyance pending a comprehensive legal, regulatory, technical, financial and public-interest assessment.
2. Continue electricity distribution and retail supply through the existing Government-owned Power Utilities particularly A.P.C.P..D.C.L in the relevant area with adequate investment and technological upgradation strictly in accordance with the applicable statutory and regulatory framework.

Intimation of Peaceful Lunch-Hour Demonstrations on 26-10-2026

To express the collective and genuine concerns of power sector employees and draw the attention of the Government to the issues mentioned above, A.P.S.P.E.JAC, in coordination with like-minded unions and associations, has decided to organise peaceful one-day lunch-hour demonstrations on **Monday, the 26-10-2026, at all Circle Headquarters, Generating Stations across Andhra Pradesh** as well as at the **Corporate Office of A.P.C.P.D.C.Ltd.,** Gunadala, Vijayawada.

This letter is being submitted as formal intimation of the proposed programme. The JAC assures management that the demonstrations will be conducted peacefully and in a disciplined manner, without disrupting essential power supply or public services. The JAC sincerely hope that the management will appreciate the genuine concerns underlying this programme and extend its constructive cooperation in addressing the issues through appropriate institutional channels. The JAC also trust that timely intervention at this stage will help to avoid further apprehensions and facilitate an amicable resolution in the larger interests of the A.P.Power Sector.

In view of the importance and urgency of the matter, the JAC earnestly request your kind personal intervention and appropriate action on the above requests, with a view to safeguarding public assets, strengthening Government-owned Power Utilities and ensuring reliable, efficient and accountable electricity services at Amaravathi.

With profound respect and regards.

Yours faithfully,

(GANAPATHI.V.S.R.K)
