Sub: Engineers not to Perform Strike Duties in Haryana During the Proposed Three-Day Strike by Electricity Employees and Engineers of UHBVN/ DHBVN/ HPGCL/ HVPNL

Sir,

All India Power Engineers Federation (AIPEF) is the National Federation of All Power Engineers, working in all the States & Union Territories in India. AIPEF is strongly opposing the privatisation move disguised as grant of parallel license in Haryana. Engineers and employees of power utilities of Haryana are going on a three day Strike from 00 hours of 22nd October against the grant of parallel licence in Gurugram and Nuh.

In this reference, AIPEF has decided as follows:

All power sector employees' organisations not to allow any of their members from the adjacent states to agree to their deployment in Haryana to break the strike.

In this regard, we would like to respectfully state that PSEB Engineers' Association, being a constituent member of AIPEF and in solidarity with Haryana Engineers and Employees, has decided that **Engineer(s) from PSPCL/PSTCL will not perform Strike Duties in Haryana during the Power Employees Strike of Haryana.**

This is for your information please.

General Secretary

CC:

1. Hon'ble Chief Minister Haryana, Govt. of Haryana, Chandigarh
2. Hon'ble Power Minister, Govt. of Haryana, Chandigarh
